LIFE ON FAST TRACK

www.myvelocitybooster.com

Velocity Booster is a well-established wellness company that offers premium, innovative and technology-based wellness solutions to health-conscious individuals and families. It is born out of a deep commitment to offer advanced wellness solutions to aspiring people from all walks of life and transform their irregular 21st century lifestyle into joyful living.

Having immensely benefitted from the extra-ordinary benefits of the Wellness industry, we at Velocity Booster firmly believe that only a balanced lifestyle clubbed with disciplined living can ensure happiness in our life. With this heartfelt desire we have set ourselves out on a massive mission of creating millions of loyal Wellness Warriors who are longing to live a healthier, happier and fulfilled life.

Our Corporate Vision

Our corporate vision is to be one of the leading wellness-based bio-tech companies globally delivering innovative & technology-driven wellness solutions to people from all walks of life.

Our Corporate Mission

Our corporate mission is to reach out to **10 million people** by **2025** and retain them as our loyal wellness ambassadors.

At Velocity Booster, we do not want to overuse the term wellness as a cliché; instead we want to make it a reality for every aspiring individual who comes in contact with us. The pandemic has taught us why achieving higher level of wellness is absolutely critical as everything we do and every emotion we feel relates to our health and well-being. So, it is extremely essential for each one of us to achieve optimal wellness, subdue stress, reduce the risk of illness and ensure positive social interactions during these challenging times.

So embrace Velocity Booster right now and put your life truly on fast track. We present a perfect success recipe that can facilitate optimum physical fitness, strong financial security and impressive social recognition for you provided you are willing to follow our simple and duplicable training and support system.

We are truly committed to empower each one of you.

FEATURES & SPECIFICATIONS

- High quality medical grade Platinum Coated Titanium Plates
- 18 plates, Made in Japan
- Platinum coating 2 micron, which is highest in its category
- Can work with water upto 500 TDS
- Single-phase 230~250V.
- Plate warranty- 2900 hrs
- Electric power consumption 400W / hrs.

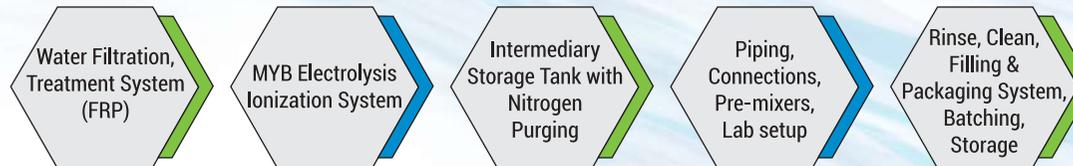

MAJOR MACHINERY & EQUIPMENT REQUIRED FOR THE BOOSTER WATER PROCESSING PLANT:

- Storage Tanks
- Treatment Tanks
- RO (Reverse Osmosis) Plant
- Sand Filter
- Activated Carbon Filter
- Chlorination Tanks (optional)
- Micron Filter
- Ozone Generator optional
- Water Sterilizers and Dispensers
- Other intermediaries and connections
- Ultraviolet Disinfection System
- Electronic Dozer for Alum and Chlorine (optional)
- Processed Water Storage
- Electrolysis Ionizer
- Ionized water Storage Tank SS -303 with Nitrogen blanketing
- Filling & Packaging unit
- Lab setup

- SS Tank and automation prices are NOT included in the price
- MRP is indicative of a functional plant but necessary customization will be required. This will have an impact upon prices
- Price doesn't include packaging facilities for larger packs
- Freight - To be paid by Buyer

PROCESS MODULES

IMP NOTE: With current product classification system Alkaline water does not fall under ISI 4543:1998 standards for packaged water. Packaged water is neutral (7pH) water, water above 7pH falls under beverage category. Under such scenario, no BIS/ ISI is mandatory for beverage category of products. Hence we have to go with FSSAI registration for packaging and marketing of beverages category.
